MEMORANDUM FOR: THE RECORD

SUBJECT: MKULTRA, Subproject 53

C [REDACTED] Project:

1. The purpose of this project is to furnish funds for the partial support of an expedition headed by Mr. [REDACTED] to the [REDACTED] for the purpose of studying and collecting hallucinogenic species of mushrooms of interest to TSS/CD. The expedition will take place in June and July of 1956 and will be accompanied by [REDACTED], a cleared TSS contractor. Other support for this project is derived from the [REDACTED] Mr. [REDACTED] and his associates, the [REDACTED] and others.

2. Mr. [REDACTED] is uncleared and unwitting of U.S. Government interest in his project. He was approached under the cover of the [REDACTED] and has applied to that organization for a grant-in-aid. He appears to be a person capable of considerable responsibility as indicated by his handling of three previous expeditions of this type and his position as a vice president of [REDACTED]. Mr. [REDACTED] has agreed in writing to furnish a summary accounting of his expenditures and to return any unused funds to the [REDACTED]

3. Because of the unwitting status of the chief investigator in this project no documentation or further financial controls besides the summary accounting will be asked of Mr. [REDACTED]. Any technical reports of the operation will be furnished by Dr. [REDACTED]

4. The total cost of the grant to Mr. [REDACTED] will not exceed \$2,000.00 for a period of one year beginning 1 April 1956. To this must be added the four percent service charge due the [REDACTED] thus the total cost of the project will not exceed \$2,080.00. Charges should be made against Allotment No. 6-2502-10-001.

5. In view of the fact that the principal investigator (Mr. [REDACTED]) is unwitting of government interest, the requirements for a Memorandum of Agreement will be waived.

Aubertion, Dr.

Dear Sir:

Over two months ago I wrote to you. I have had conversations with Prof. Dr. [unclear] concerning certain mounting difficulties that we are

having particularly regarding small birds because of the more remote locations

and planning a rough expedition into the mountains in the

two weeks until April would be necessary to complete the needed specimens of this particular bird. I am not able to make the liberty of applying to you my check letter for a grant-in-aid of \$2,000 for the purpose of gathering the specimens in the field, identical in nature thereto, their conservation either in liquor or in the dry state, and their preservation.

for your further information, Professor  
Mycologist and Director of the \_\_\_\_\_

has great experience in mycology generally and in tropical mycology. In  
particular will be of very great value to us. In order that we may  
plan accordingly he should have what you desire on this matter con-  
cerning him before last. I am leaving for a trip to  
the Andes March 20 to be gone for two months, and before my  
departure for the Andes I would like to settle on all details concerning  
the equipment we shall take and the personnel of our expedition.

I remain
